

Goals of Care and Communication Self-Paced Online Courses

Highlights

- Complete two interactive online courses anytime
- Gain knowledge and see demonstrations of evidence-based skills to relay information, address uncertainty, respond to emotion, and make recommendations
- Refresh and hone skills independently and on your own time

Two Modules Included

Module 1 - Conversation Guide

Reviews an evidence-based structure to increase clarity, comfort and efficiency when leading GOC conversations

Module 2 - Communication Skills

Introduces high-yield communication skills to skillfully discuss serious news
